Field Day October 15, 2009

**Do you enjoy learning about Maine's diverse outdoors?
Do you want to work with others towards solving
Maine's environmental issues? If so then Maine
Envirothon may be a great opportunity for you!**

Maine Envirothon is a high school competition for high school aged students. During competition students test their knowledge of forestry, soils and land use, aquatics, wildlife and current environmental issues.

The field day will be held on October 15, 2009 from 8:00 am to 2:15 pm at the University Forest, University of Maine, Orono. This hands-on field day is for new schools to gear up for the 2009 Envirothon season and to learn about Maine's soils, forests, wildlife and waters. Join us for this great opportunity to learn more about Envirothon and to get a head start on next spring's competition.

Sponsored By:

Maine Division
New England
Society of
American Foresters

Maine Association of
Conservation Districts

For more information contact Bessie Wright, Watershed Coordinator at Bessie.wright@penobscotswcd.org or (207) 990-3676 x 3.
